

2015 HIGHLIGHTS

Our 10th year of the Summer Lunch Bunch was our best yet! We had incredible community support in providing 3,200 sack lunches at three sites in Danville during the summer. Children spent the summer reading, with 3,200 books given away; exercising, running hundreds of miles; and eating healthy!

The Lunch Bunch is 100% funded by community donations and operated by volunteers. Thank you to all who gave funding, books, food, time and effort in 2015. You have made the Lunch Bunch possible for Danville children! We truly could not have done it without you!

In 2015, the Lunch Bunch expanded into the school year and formed the Nutrition Club. We began providing backpacks of supplemental weekend food to families in need at Danville North and South Elementary. Each Friday, around 75 backpacks are sent home with students.

It is our hope to do a little to ease the struggle for these families and show them that as a community we care. The outpouring of support for the Nutrition Club has been amazing! Thank you to all who have given gifts of food and funds!
